

7TH July

Team New Zealand Face Alarming Situation

*"Wake up!" says Simon sleepily
 "What's wrong Simon?" asks Gary
 (A shrill sound from Simon's alarm clock pierces the pre dawn air)
 "It's six o'clock!" exclaims Simon
 (A sense of urgency now resonates in Simon's voice)
 "Really?" says Gary
 (Bewilderment draws on Gary's face. Gary checks the bed side clock)
 "Its 03:59.0 Simon" quizzes Gary
 "No! My phone has six o'clock" interjects Simon
 Dutifully Gary surfaces to face the cold morning air, checking his watch Gary confidently asserts,
 "Simon it is 4 o'clock mate"
 Simon then realises that indeed he is in Australia and not his beloved New Zealand.
 "Ok Gary, my bad!" says Simon apologetically
 A serene tranquillity again pervades the room.*
